TALKIN

Language Learning & Community Integration App

Yijing Wu (1008360471)

Functionality

- Voice/video calls and text/image messaging with friends
- Daily word-learning tasks with progress sharing
- Random video chats with filters and paid online classes
- Multiple language forums for tips, questions, and local sharing
- Location-based event recommendations for community integration
- Profile creation for partner matching and personalized suggestions

Target Users

Demographics

- International students (18-30)
- New immigrants (25-45)

Social & Behavioral

- Learn a second language for study, work, or travel
- Seek language partners or tutoring through social interaction

Psychological

- Want to make friends and expand social circles
- Reduce loneliness, integrate faster, and gain belonging

Barriers to Adoption

Individual Limitations

- Limited time and finances
- Isolation or social anxiety may reduce participation

Technology Limitations

- Requires stable internet connection
- Video chat may raise privacy concerns
- Registration needed for recommendations; some hesitate to share personal info

User Motivations

Social Motivation

- Learn a new language, join a community, and make friends

Lifestyle Motivation

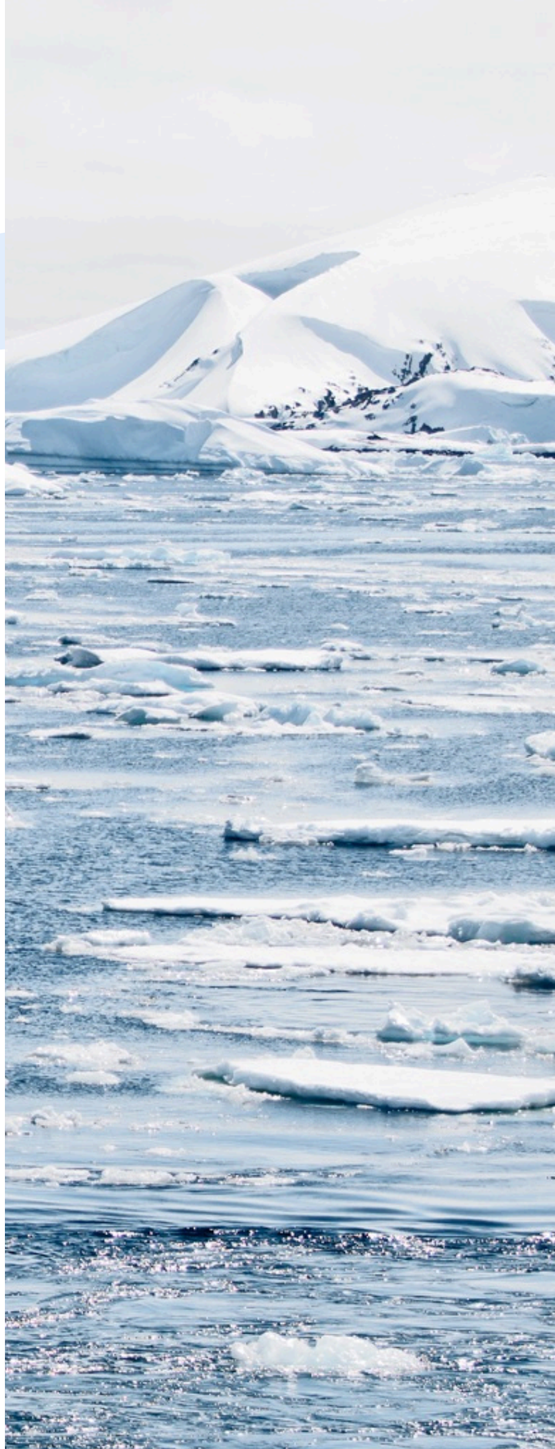

- Language skills are essential for study, work, and daily life
- Local events help understand culture and adapt faster

Psychological Motivation

- Reduce loneliness and gain emotional support
- Achieve self-improvement and a sense of accomplishment

Demographic Motivation

- Young international students (18-30) and new immigrants (25-45) have strong language and social needs

THANK YOU!
